MEMBER PROFILE

MEET OUR TECHNICAL EXPERT AND NEWEST BOARD MEMBER PATRICK W. LYONS

Pat has lived in The Woodlands for over 20 years, now empty-nesting with his wife, Wendy. They are the proud parents of two grown children, Michael and Katie, who reside in Houston and Cleveland, OH respectively, and grandparents of one handsome little boy, Lincoln.

Pat graduated from the University of Notre Dame with a BS in Aerospace/Mechanical Engineering and subsequently received an MBA from Lehigh University. He served 5 years in the Navy nuclear submarine program, and then spent the next 35 years of his career in increasingly responsible commercial/executive roles with Air Products and

Chemicals, Inc. After retiring in 2013, he became active with a few equine programs that provide therapeutic riding lessons to challenged/disabled children and young adults in the community. In addition to his service with AIPTW, he currently serves on the board of two equine therapy organizations and volunteers as a side-walker during equine lessons.

Pat and his family have lived in various US cities and in Mexico City, Mexico, and they continue to enjoy travelling and experiencing the history and culture of other parts of the world. Wendy is an active volunteer in multiple organizations and a leader in her book/garden clubs in the area. Pat is mechanically handy and an avid cook/golfer. He finds personal fulfillment in the support of worthwhile non-profit organizations, where his prior practical and business experience can add value.
